**Salt Glow** *(add to any massage duration)* \$25

Sea salt, rich in trace minerals, is mixed with warm massage oil to exfoliate the top layers of dead skin from the whole body (except for the face). It leaves your skin moist, glowing, and satinsmooth. Choose any essential oil fragrance.

**Hot Stone** *(add to any massage duration)* \$25

Application of water heated stones to key points of the body warming and relaxing the muscles. The warmth of heated stones improves the circulation and calms the nervous system.

**Deep Tissue**

Application of water heated stones to key points of the body warming and relaxing the muscles. The warmth of heated stones improves the circulation and calms the nervous system.

**Reflexology**

Reflexology is a foot massage that helps to relax the entire body. The foot is seen as a minimap of the body, connecting reflex points for organs, glands, and all other parts. It promotes relaxation, reduces stress, improves circulation, detoxifies and revitalizes the body, improves mental function, stimulates emotional release and relieves pain.

**Face, Scalp, Neck & Shoulders**

A truly blissful experience combining massage and gentle acupressure. Release all of your mental and physical stress with this extremely calming, balancing, and deeply relaxing massage treatment.

**Mommy To Be** *(60 min duration)* \$75

A definite must for all moms to be. Assisting you during one of life’s most exciting yet physically demanding processes. Feel a deep sense of nurturing while we address back strain, tired legs, and swelling ankles.

**Medical Massage**

Medical Massage is result-oriented and the treatment is specifically directed to resolve conditions that have been diagnosed previously. We may use a variety of modalities or procedures during the treatment, but will focus the Medical Massage treatment only on the areas of the body related to the diagnosis.

Medical Massage is useful in addressing conditions such as: Sciatica, Piriformis Syndrome, Rotator Cuff Injuries, \Migraines/Headaches, Range of Motion Issues, Fibromyalgia, Back and Neck Pain, and Sports Injuries.
